How – through exposure to quality information and opportunities, interactive and fit for purpose initiatives.

### Focus with our learners

If our learners know better, ask better and are provided with quality information and experience, then they do better.

Together advancing a.

Date: 17 March 2015

Dear Lynsey Schonfeld

### Thank you letter – Norton Rose Fulbright Scholar Day

Norton Rose Fulbright being a leader, nationally and globally, I would like to take this opportunity to thank you for taking the lead in providing high school learners with information on careers in the legal field.

Careers For A Powerful You, together with our 10 learner from **East Bank High, Kwena Molpao Secondary, Diepsloot Combined School and Pretoria Technical High** got an opportunity to engage, interact and learn a lot about the firm and careers within the legal field. Thank you and well done on the stunning work and initiative. As an organization together with our scholars we were well received, informed and the day in itself exceeded our expectations.

Lynsey, together with Norton Rose Fulbright thank you.

Feedback from our learner:

*"Thank you very much for today. I really appreciate the opportunity and opportunities you gave to me"* – Grace Learner from Pretoria Technical High School

Through this initiative Norton Rose has excited our learners on working hard and on pursuing a career with the legal field. Our greatest benefit as an organization is seeing our learners excited about her future, career and also our learning sharing her experience with her peers.

### Our highlights:

Saturday morning, this was on our way to the scholar day. Careers For A Powerful You had to do learner pickups at Dieplsoot area and Alexandra township. The smiles, excitement and hope on our learner faces was priceless.

The presentations were well presented and engaging. Together with our learners the group discussions were well facilitated and our learners learnt a lot.

We loved the interactive games and also loved seeing our learners learn and share with other learners from different schools.

Lynsey, together with the firm thank you. The event in itself was life changing. I know I want to be a candidate attorney following the scholar day.

Looking forward to the next scholar day.
