

Good morning Mr. Phillips

This is Asisipho Pamla, from Jeppe High School. I am in my third week at Wits and it has been an experience and bit. I decided to do a BA degree, with Law and Politics as my majors, and Psychology and French as my other electives.

I also joined the BLA(Black Lawyers Association)and the debating society to develop my skills and knowledge. I am grateful to have known what I did beforehand so that I could make educated decisions. Thank you for your advice and assistance.

In case you were not aware, there is a poster of you at the Wits Law School which, I think, is pretty cool. Thank you once again. Have a good day.
